OLD BUSINESS: The Edon Commercial ran a very nice ad that was in a November issue thanking the community for their financial support during the Booster Drive. The ad was kept to less than \$100.

We sold pizza slices from Edon Pizza on a trial run at our concessions. It was a great success. We will continue to sell pizza at the high school games.

We are still receiving names of volunteers and they will be contacted as needed to work concessions. Volunteers to help with concessions are always welcome!

We received two thank-you cards from the Hilltop Boys Cross Country team and the Stryker Boys Cross Country team. This was in response to a gesture of \$50 support to each BBC team from our Edon Athletic Boosters because both teams made it to state.

NEW BUSINESS: Leslie (Pence) Harrington was our guest at our meeting. She represented Pence's Concessions. She had some great samples of their popcorn products that we will give a trial run in our concessions this season.

Bud Wells turned in a requisition from the Edon Baseball team for catcher's equipment. Shin guards, vest & helmet. The equipment is top quality and stays in the program. Cost estimated at \$277. Shane made the motion to purchase the equipment, Susie seconded, motion carried.

Varsity Softball Coach Hillary Staten turned in a requisition from the Edon Softball team for 10 softball pants, and 8 jackets. The items will stay in the program. The cost is approximately \$600 – 700. After some discussion on durability questions, we decided to fund the cost of the jackets only. Becky made the motion to fund the cost of 8 jackets for the team, Tim seconded. We tabled the purchase of the pants until Lynn gets more information from the coach.
